**CEASEFIRE AND NEGOTIATIONS IN PALESTINE!**

**NO SECOND NAKBA! STOP THE GENOCIDE!**

In their proxy wars, the US government is attempting to regain their influence in the Middle East and capitalize on the recent Hamas actions. The US and its proxy client state represented by the Netanyahu government intend to seize all of Palestine and possibly parts of Lebanon and Syria, in violation of all UN resolutions on Palestine. US military commanders are present in the Netanyahu war room calling the shots.

At the same time, the war coalition government is carrying out a second **Nakba**. Nakba, meaning in Arabic “catastrophe,” refers to the ethnic cleansing and expulsion of 750,000 Palestinians from their ancestral homes in 1948 and driving those remaining into Gaza and the West Bank. Because of that ethnic cleansing the UN has ruled that Zionism is racism (UN RES. NO. 3379). Accordingly, APIC calls for a non-Zionist government for Israel. Nonetheless, the current Israeli government has publicly announced that they are again killing and driving all Palestinians out of Palestine so that all of Gaza, all the West Bank will be seized.<sup>1</sup>

The Israeli Occupation Forces are conducting their invasions of Gaza but suffering significant losses.<sup>2</sup> It is not known who is winning on the ground, the IOF or Hamas and its allies. So far, the Netanyahu government has killed more than 12,000 civilians, including more than 4,000 children.

Hamas has said it is surprised at American involvement in the war, which includes two aircraft carrier task forces, thousands of troops on the ground, multiple anti-missiles batteries, and a Boeing reconnaissance aircraft in the air.<sup>3</sup> “What we are seeing now is the entrance of the US into the battle, and this we did not count on,” said Ali Barakeh, a member of Hamas’ political leadership to the Financial Times.<sup>4</sup>

“I say frankly to the American statesmen and military forces who are now managing the genocide in Palestine,” that the US will “not be spared from this fire” if the Israeli government genocide against the Palestinian people continues, Iranian Foreign Minister Hossein Amir-Abdollahian told the UN General Assembly Oct. 26.<sup>5</sup>

- **GUARANTEE THE RIGHT OF RETURN TO ALL PALESTINIANS!**
