

Party of Communists USA Statement on Recent US Aggression in the Middle East

The Party of Communists USA (PCUSA) condemns the recent horrendous bombings in Yemen, Iraq, and Syria by the Biden Administration. This aggression did not start today, but has been an ongoing war against the peoples of the Middle East.

This war has cost hundreds of thousands of lives, and has exacerbated the refugee crisis across the Middle East as a result of US imperialism.

The peoples of Syria, Iraq, Yemen, Palestine, and Lebanon have seen enough war. They are struggling against US imperialism and for national liberation. There is no reason for American troops to be sent to yet another country. Already, multiple Americans have died as a consequence of the Biden regime's policies in the Middle East in defense of the Israeli government of Netanyahu.

The Party of Communists USA supports calls for

- An end to US diplomatic and military support for Saudi Arabia's war against Yemen
- An immediate ceasefire in Gaza
- Ending military aid to Israel
- Withdrawal of all American military forces from the Middle East
