

It is with shock and sadness that we learn of the death of Comrade Russell “Texas” Bentley who gave the utmost sacrifice of his life in the struggle against the NATO-backed Ukrainian Fascist regime in Kiev.

Like the volunteers who went to Spain in 1936 to fight against the Fascist hordes led by General Franco, Comrade Bentley had the foresight of seeing the growth of international Fascism taking hold in Ukraine after the 2014 overthrow of the duly elected Ukrainian government.

Russell was one of the first Americans to tell the world what was going on in Donbass, Ukraine. He was responsible for the administration of the Donbass Human Aid organization.

It was Comrade Russell Bentley that warned the world about the dangers of the growth of Fascism in Europe when he stated, “As goes Donbass, so goes the world”.

Comrade Russell Bentley, **Presente!**
