

**Greetings to the 14th Congress of the Russian Communist Workers Party of the
Communist Party of the Soviet Union (RCWP-CPSU)**

Dear Comrades,

The **Party of Communists USA (PCUSA)** sends its greetings to the monumental occasion of the 14th Congress of the **Russian Communist Workers Party of the Communist Party of the Soviet Union (RCWP-CPSU)**.

This Congress convenes amid a disunited and disjointed International Communist Movement. The lack of a Soviet Union, together with the ruthless attacks of the ultra-left on one hand, and the Imperialist camp on the other against the international working-class movement has exacerbated this critical impasse.

With this Congress, the RCWP-CPSU further positions itself to defend the working class in the Former Soviet Republics, to defeat the Neo-Nazi threat of the Banderite Kiev regime, to oppose the ever-destructive threat of NATO-EU-US Imperialism, and to maintain the banner of Marxism-Leninism, and the legacy of the Soviet Union as a Scientific Socialist State.

We congratulate you Comrades on 34 years of struggle.

Long live the legacy of the Soviet Union!

Long live Marxism-Leninism!

Long live the Russian Communist Workers Party!
